Jackie,

We look forward to meeting with you on Thursday, November 3<sup>rd</sup> from 1-2pm. We plan to bring our consultant, Julie Panko with Cardno Chemrisk, to the meeting. It would be helpful if you are able to send a meeting calendar announcement with the location for the meeting.

Thank you again,

Sarah E. Amick

**Subject:** meeting with RMA and EPA

Good morning, Sarah,

We should be able to have my Office Director, Fred Hauchman, myself, and a representative from our exposure lab available on November 3 from 1-2. Let me know if this time is acceptable, thanks.

**Subject:** RE: test

Jackie,

Thank you for speaking earlier today about RMA's meeting request. As discussed attached is the meeting request we sent to Dr. Thomas Burke regarding EPA's research protocol on crumb rubber. We look forward to bring our consultants from Cardno ChemRisk to a meeting with EPA on the research protocol.

We are available for a meeting on the following dates and prefer to meet on November 3<sup>rd</sup> or 4<sup>th</sup> if these dates work for EPA.

Thursday, November 3<sup>rd</sup> – any time after 1pm

Friday, November 4<sup>th</sup> – any time after 1pm

Thursday, November 10<sup>th</sup> – any time after 1pm

Julie Panko from Cardno Chemrisk will attend the meeting in addition to myself and my colleague Tracey Norberg at RMA.

During the meeting we plan to discuss the following:

- Recommendations for additional soil samples
- Analytical techniques for evaluating crumb rubber
- International sources of data available to determine availability of toxicology data and health-based screening levels

Again, we look forward to meeting with EPA. Thank you for helping to coordinate this meeting.

If you have any questions please contact me.

Best,

Sarah E. Amick
